

SHORT COURSE

MICRODERMABRASION

Create radiant and youthful skin with this non-surgical treatment

Course Description:

The health of our skin is just as important as the health of our body. Everyday our skin is exposed to environmental elements causing the skin to age prematurely and lose its vitality and youthful appearance. Over time the sun's rays and pollution take their toll and our skin suffers.

Microdermabrasion is a non-surgical treatment. For superior skin resurfacing, providing an intensive exfoliation to remove dead skin cells. This results in increased cell renewal and radiance and allows product and make-up to be seamlessly applied.

Microdermabrasion can help correct a variety of skin conditions on the face and body including acne, blackheads, rough and dry skin. During this one day workshop participants will develop both theoretical and practical components needed to confidently deliver this treatment.
