

Providing Quality Training
for more than 35 years

CPC40120 Certificate IV in Building and Construction (Building)

CRICOS Course Code : 119755B

About the Course

"This qualification is designed to meet the needs of builders, including selecting contractors, overseeing the work and its quality, and liaising with clients.

The builder may also be the appropriately licensed person with responsibility under the relevant building licensing authority in the State or Territory. Builder licensing varies across States and Territories and additional requirements to attainment of this qualification may be required.

Occupational title may include:

- Builder.

The qualification has core unit of competency requirements that cover common skills for the construction industry.

The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated work-place environment and this qualification requires all included units of competency to be delivered in this context.

Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.

Additional units of competency may be required to meet builder registration requirements in various States and Territories."

Academic Requirements

- Australian year 12 Equivalent of other countries

Age Requirements

For international students COE has a requirement that all students must be over 18 years of age at the commencement of course.

ABN 17 141 599 635 | TOID: 3687 | CRICOS: 03512G

Assessment

Students will undertake essential assessments which will include completion of the activities, projects, role play and observation of delivery of training and assessment.

Pathways for Students

Possible job titles and roles relevant to this qualification include:

- Builder

Mode of Delivery

The delivery approach may vary dependent on the student's current experience and employment circumstances.

Students who are not working in the industry may be required to attend classroom delivery and a created simulated workplace environment.

Students with significant and extensive experience of working in the vocational education sector will be offered the opportunity to attend classroom sessions of delivery of the course and where practicable will be encouraged to review systems and processes in their simulated workplaces.

Melbourne Campus

Level 4, 406 Collins Street
Melbourne VIC 3000.
Ph: +61 3 8638 8900

North Geelong Campus

8 Roseneath Street,
North Geelong VIC 3215
Ph: (03) 8638 8900

Adelaide Campus

Level 2, 38 Currie Street
Adelaide, SA 5000
Ph: (08) 8432 0462
MOB: 0455 274 810

Entry Requirements

The Centre of Excellence accepts the results from International English Language Testing System (IELTS), PTE Academic English or the Test of English as a Foreign Language (TOEFL) as below:

Acceptable Form of evidence for English Language Proficiency at THE CENTRE OF EXCELLENCE	Acceptable Score for Direct Entry Level for Certificate/ Diploma/Advanced Diploma Courses
International English Language Testing System (IELTS) - Academic	6.0
Test of English as Foreign Language (TOEFL) - (IBT)	67 - 80
Pearson Test of English Academic (PTE Academic)- (IBT)	47 - 54 (with no communicative skill score less than 42)

Recognition of Prior Learning

Recognition of prior learning (RPL) may be given for skills and knowledge gained through previous study or other relevant experience. For further information refer to www.coe.vic.edu.au

Course Structure

Unit Code	Unit Name
CPCCBC4001	Apply building codes and standards to the construction process for Class 1 and 10 Buildings
CPCCBC4053	Apply building codes and standards to the construction process for Class 2 to 9 Type C Buildings
CPCCBC4009	Apply legal requirements to building and construction projects
CPCCBC4002	Manage work health and safety in the building and construction workplace
CPCCBC4012	Read and interpret plans and specifications
CPCCBC4014	Prepare simple building sketches and drawings
CPCCBC4021	Minimise waste on the building and construction site
CPCCBC4018	Apply site surveys and set-out procedures to building and construction projects
CPCCBC4007	Plan building and construction work
CPCCBC4008	Supervise site communication and administration processes for building and construction projects
CPCCBC4010*	Apply structural principles to residential and commercial constructions
CPCCBC4003	Select, prepare and administer a construction contract
CPCCBC4004	Identify and produce estimated costs for building and construction projects
CPCCBC4005	Produce labour and material schedules for ordering
BSBTWK503	Manage Meetings
BSBPMG422	Apply Project Quality Management Techniques on projects
CPCCBC4006	Select, procure and store construction materials for building and construction projects
CPCCBC4002	Use building science principles to construct energy efficient buildings
CPCCBC4013	Prepare and evaluate tender documentation

DURATION	60 weeks (incl. holidays)	COURSE FEE	\$8,400 (onshore/ \$14,000 (offshore)
OSHC	refer www.bupa.com.au	ENROLMENT FEE	\$250*
		MATERIAL FEES	\$1,000**

* Enrolment fees are non refundable

** (Not included) Safety shoes and uniform - student has to purchase as per student size.
